

## **SPT2018 - Transfer**

This page deals specifically with the problem of how to reach the Hotel from your arrival point in the Cagliari area if you do NOT have a car (own or rented).

The Hotel has long-running agreement with a car-with-chauffer company, this will be referred to later on as "hotel taxi", albeit it is not a taxi and it is not directly linked to the hotel.

### **FROM AIRPORT**

- (1) **Public transport:** You can get a train to Cagliari main station, and from there a bus (see below for that); the train ticket can be bought at the vending machines in the station (between 1 and 2 euros).
- (2) **Hotel Taxi:** The fare is 80E for a car (max 3 pax) or 120E for a minibus (max 7 pax). In case also the transfer from Hotel to airport is booked, these are reduced respectively to 75E each way for the car, and 115E each way for the minibus. Note that, as announced in a circular, we (the organizers) will take care of grouping participants so to reduce transfer costs, if this is required and IF the flight details are communicated with due anticipation (please, by end of April).
- (3) **Regular Taxi:** You can also get a regular taxi at the airport. In this case you should discuss the fare with the driver, but it should not be too different from the one required by the Hotel Taxi (they asked us to stress that they have the advantage of high standing car and personnel, etc etc); in principles you might have to wait for a regular taxi, but we trust this would not be the case in early June (contrary to what would happen in full season).

### **FROM PORT**

Getting out of the port does now require passing through some security check. This will waste some time but will also make sure you will be out of there just in front of the Bus and Train Stations. So in this case just see below for the "from station" section.

## **FROM TRAIN STATION**

If you arrive in Cagliari by train (which is the case for at least one participant, get out of the train station through the main (front) exit; the building on your right is the Bus Station.

- (1) You can take a bus to Pula and then another one to S. Margherita di Pula;
- (2) You can get a bus to Santadi or Domus de Maria, and get off at the stop at km. 33.800 on National Road (SS) 195 (in front of there a small straight road takes you to the Hotel, about 800m. walk);
- (3) You can get a taxi, either a Hotel Taxi or a regular taxi; the fares for the Hotel Taxi are the same as for the Airport transfer;
- (4) In case you want to rent a car, there is some company based near the port and hence the bus and train stations, but probably you will find many more options at the airport. In this case consider that the train service from Cagliari to the airport is frequent (every 15') and fast (less than 15'); the rental offices in the airport are next to the train station.
